v. 49

A

Accident statement for years 1909-1918 on Great Lakes.....	March	139
Accounts, difficulty of keeping in ship operation.....	May	240
Acoma, wooden steamer, sinks on first transatlantic voyage.....	April	193
Addresses of managing owners of American vessels.....	Nov.	544
Admiralty and maritime law, explanation of points in.....	Nov.	518
Agawam, how turbine installation on, was perfected.....	July	348
Agree agreement drawn up by shipping board for operation of ships.....	Feb.	84
Aggregate developed for concrete ships, description of light.....	Jan.	40
Agula Oil Co., large tank ship placed in service by.....	Aug.	380
Air and slings raise sunken ship, how.....	Dec.	599
Air compressor developed by Ingersoll-Rand Co., description of.....	Aug.	402
Airports, description of device for cutting.....	Dec.	597
Air Reduction Sales Co., description of new welding torch developed by.....	Dec.	605
Air tools, effect of, on physical condition of workmen.....	April	188
Alaska, the highway to.....	April	202
Albrecht, Emil P., views of, on Hurley merchant marine plan.....	May	225
Alian, A. G., description of plier wrench made by.....	Sept.	446
Alies, ship losses of, through enemy activity during war.....	Aug.	379
Alison & Co., description of anchor made by.....	Aug.	402
Amarna, results of tests on steamer.....	Sept.	415
American Balsa Corp. and the Welin Marine Equipment Co., Merger of.....	Feb.	116
American bottoms, tendency toward carrying American commerce in.....	Aug.	366
American bureau of shipping, letter from E. N. Hurley praising work of.....	Sept.	419
American Car & Foundry Co., description of electric rivet heater designed by.....	June	314
American Clay Machinery Co., description of steam windlass made by.....	Sept.	447
American Engineering Co., description of steering apparatus designed by.....	Nov.	507
American freighters, description of new type of giant.....	Sept.	413
American International Shipbuilding Corp. (See also Hog Island yard).....	Sept.	413
American International Shipbuilding Corp., fabricated ships turned out by, to Feb. 8, 1919.....	March	150
American merchant fleet, gross tonnage of.....	Sept.	408
American merchant marine, outline of shipowners' policy for building up.....	Feb.	55
American Salvage Co., plans of, to use Sisson deep sea diving machine.....	Oct.	456
American Ship & Commerce Corp., charter obtained by.....	Sept.	418
American Ship & Commerce Navigation Corp., merger of Ker Navigation Corp. with.....	Oct.	478
American Shipbuilding Co., boat launched at Buffalo yard of, drops 14 feet.....	July	352
American ships, number of, in overseas service.....	April	199
American shipyards, what, must accomplish to meet world competition.....	Feb.	51
American Society of Marine Draftsmen, convention to be held by.....	July	331
American Society of Marine Draftsmen, report of annual meeting of.....	Aug.	397
American Steamship association, government vessel operating plan adopted by.....	April	198
American Welding society formed to investigate welding.....	May	237
America's Gain in Strength in Marine Insurance Field, story of.....	Nov.	522
Anchor, description of concrete mooring.....	July	353
Anchor made by Allison & Co., description of.....	Aug.	402
Anderson Overseas Corp., sale of 100 steel ships to, by shipping board.....	Sept.	423
Anderson, J. H., saving time in steel shipbuilding.....	Jan.	5
Anoka, how condenser was used to cool oil on.....	Dec.	578
Arnold San Giorgio I, description of motorship.....	Sept.	415
Arnold Andrew, revival of shipbuilding on island of Cyprus with launching of.....	Sept.	415
Arctic harbors, plans for improvement of.....	Sept.	416
Arctic shipping, plans for improving.....	Dec.	574
Ark, how a modern colored Noah is building a concrete.....	Feb.	62
Armor, description of deep sea, built by Atlanta Engineering Corp.....	Oct.	455
Armor plate, how electric welding is applied to.....	Jan.	22
Army base at Boston, description of new.....	Sept.	426
Army base, description of modern cranes installed at.....	Oct.	479
Arsenal, Austrian Lloyd, description of portal crane built for.....	Oct.	491
Artisan, description of the wooden tugboat.....	June	282
Ash conveyor of steam jet type, description of.....	Oct.	490
Atlanta Engineering Corp., description of deep sea armor built by.....	Oct.	455
Atlantic City reconstruction convention, merchant marine backed by.....	Jan.	9
Atlantic signals for the shop, V. Karpotoff on.....	Aug.	396
Austin Jr., J. B., views expressed by, on Hurley merchant marine plan.....	May	224
Avala, ship work in.....	Dec.	574
Austrian-Lloyd arsenal, description of portal crane built for.....	Oct.	491
Average stay in port made by vessels of Pittsburgh Steamship Co. in 1918.....	Feb.	95

B

Backing out with a destroyer, pointers on.....	Sept.	427
Baker, B. N., obituary of.....	Feb.	64
Baltimore & Ohio Railroad Co., description of new coal loading gear of.....	Dec.	567
Baltimore Dry Docks & Shipbuilding Co., how boats built by, were equipped as refrigerator ships.....	Sept.	417
Baltimore Dry Docks & Ship Building Co., record output of, during 1918.....	March	135
Baltimore to build terminal, plans of.....	Nov.	512
Barkers invest money in shipping, plans for encouraging.....	Nov.	536
Barks finance ships, how lake.....	Nov.	499
Barley, Curle & Co., Ltd., hull of motorship Glenapp constructed by.....	Nov.	512
Barge canal, New York, how operation of federal railroad administration hinders use of.....	Oct.	475
Barge, launching of world's first concrete canal.....	Jan.	34

Barges, description of canal, under government ownership on New York		
barge canal	Oct.	476
Barges, inland, description of new types of	Oct.	461
Bark Superior, how Norwegian, completed long voyage short handed	Sept.	427
Barkentines, how wooden ships are to be rigged as 4-mast	Oct.	467
Barnes Jr., Francis M., M. D.—Effect of air tools on workmen	April	188
Barr, H. Edsall, description of pneumatic hammer made by	Jan.	45
Barrels, how to compute cargo space for shipment of	Aug.	374
Bateman, Harry, description of apparatus for cutting airports, de- vised by	Dec.	597
Bausch & Lomb Optical Co., description of range finder made by	Nov.	509
Baxter, A. M., sinking of steamer	Jan.	9
Bearings, how radio stations find, for lost ships	Sept.	426
Beaumont, Tex., description of crane installation of	Dec.	592
Belgium king sponsor of Cantigny, B-type transport ship	Dec.	595
Belgium, position of, in respect to sea trade		63
Bennett, Edwin C.—What American shipyards must accomplish to meet world competition	Feb.	51
Benson Electric Co., description of steering apparatus designed by	Nov.	508
Bethlehem Shipbuilding Corp., description of drill for making square holes improved by		
Bethlehem Steel Corp., description of ore carriers for ocean service owned by	Sept.	420
Bethlehem Steel Co., description of wooden tugboat built by	June	282
Hills before congress, shipping	Dec.	579
Black & Decker Mfg. Co., description of electric drill developed by	April	213
"Blinker" light, description of, used in Alaskan channel	April	202
Blockade, Great Britain's idea of, in time of war	Feb.	57
Boat releasing device, description of	Jan.	45
Boats, description of, being built by Canada	Oct.	464
Boats, description of, to be used on rivers	Oct.	461
Roller data, review of booklet of marine	Dec.	597
Boiler scale, amount of coal wasted through	Aug.	374
Boiler scaling, precautions to be taken during	Feb.	102
Boiler water circulator, description of	Nov.	511
Boilers, British rules for repairing, by welding	June	303
Boilers, De Pele Mfg. Co. turns out first standard watertube, for Emergency Fleet Corp.	Feb.	116
Boilers, how marine, are shipped completely assembled	July	353
Boilers, results of tests of watertube	Aug.	393
Bolter Up Machine Co., description of reaming machine made by	Sept.	448
Borden Co., description of ratchet die holder designed by	May	262
Boring machine made by Newton Machine Tool Works, description of heavy	Aug.	404
Boring mill, description of floor type	Aug.	403
Boring mill, description of a side-head	May	260
Boston, description of Commonwealth pier No. 1	Sept.	427
Boston, description of new army base at	Sept.	426
Boston's exports, increase in	Aug.	368
Bowles, Admiral F. T., resigns as assistant general manager of Emergency Fleet corporation	March	156
Bowles, Rear Admiral Francis T., testimony of first at trial to fix price on Cape Cod canal	Dec.	595
Bramhall, Deane Co., description of ship's galley range developed by	Nov.	560
Bride, Cotter T., plan of, for inferring frame of concrete ships	May	237
Bridgeport Boiler Works, how the, ships boilers completely assembled	July	353
Britain's viewpoint, freedom of the seas from	Feb.	57
British fleet, story of refitting of war-torn	Nov.	525
British owners, size of ships favored by	Feb.	70
British rules for use of welding in repairing boilers	June	303
British shipbuilder, tribute from, to American practice	Feb.	73
British war losses, report on	Oct.	464
British war output and losses of merchant tonnage, chart showing	Feb.	81
British women, how, fought the Hun in the shipyards	Sept.	432
Brokerage costs, increase in	Sept.	409
Brokerage fee, increase in ship	March	119
Brooklyn Polytechnic Institute, plan of, to conduct three marine courses	Oct.	459
Brown Hoisting Machinery Co., description of electric rotating crane built by	May	260
Bryant Electric Co., description of plugs and receptacles made by, for marine use	Feb.	116
Bryant Electric Co., description of snap switch made by	Jan.	46
Buffalo grain receipts in 1918	Feb.	94
Buggy, description of portable, for use with electric drill	July	362
Build ships, teaching men to, at Hog Island	Jan.	36
Bulk freight movement on Great Lakes in 1918	Feb.	Chart
Bulk freighter fleet, size of Great Lakes	Feb.	95
Bulk freighters for ocean service, description of	Sept.	420
Bull line, service to Constantinople to be inaugurated by	Aug.	366
Bunker facilities of United States, how, have expanded	Nov.	533
Bunkering, why subject of, is becoming most important subject in shipping	Oct.	468
Bunkering medium, plant to use oil fuel as	Oct.	492
Bunkering medium, oil as a	Dec.	578
Bunkering prices, at foreign ports, list of	Oct.	468
Bunkering stations of world, map showing oil	Nov. Supplement	
Bureau Veritas, plans of, to revise specifications covering manufacture of iron and steel products in ship construction	Oct.	459
Burrowing machine, description of, invented by United States Salvage Participating Syndicate of New York	Oct.	457

BOOK REVIEWS

Abrasives and Abrasive Wheels, by Fred B. Jacobs.....	Sept.	431
Blue Book of Facts, edited by E. K. Glass.....	May	241
Elements of Wood Ship Construction, by W. H. Curtis.....	June	296
Instructor, The, the Man and the Job, by Charles R. Allen.....	Oct.	468
Merchant Marine Manual, by Capt. Eugene E. O'Donnell.....	May	241
Modern Shipbuilding Terms, by F. Forrest Pease.....	June	296
Opportunities in Merchant Ships, by Nelson Collins.....	Dec.	581
Practical Course in Wooden Boat and Ship Building, by Richard M. Van Gaasbeek.....	May	241
Practical Seamanship, by John Todd and W. B. Whall.....	June	296
Practical Shipbuilding, by J. D. MacBride.....	Dec.	581

INDEX TO VOLUME XLIX—Continued

Practical Ship Production, by A. W. Carmichael.....	June	295
Shipbuilding Industry, The, by Roy W. Kelly and Frederick J. Allen.....	March	140
Ship Stability and Trim, by Perry A. Hillhouse.....	July	325
Shipmasters' Medical and Surgical Help and First Aid, by William J. Smith and Arnold Chaplin.....	Jan.	29
Simple Rules and Problems in Navigation, by Charles H. Cugle.....	Aug.	375
Steel Ships: Their Construction and Maintenance, by Thomas Walton.....	April	183
Steel Shipbuilders Handbook, by C. W. Cook.....	Feb.	88
Storage, by H. B. Twyford.....	June	296
Submarine and Antisubmarine, by Sir Henry Newboldt.....	June	295
Strength of Ships, by J. Bertram Thomas.....	May	211
Uttmark's Guide for Masters and Mates.....	Feb.	88
Uttmark's Guide to Examination for Masters and Mates, by Capt. F. E. Uttmark.....	Oct.	468
C		
Cables, change in rules for inspection of chains and.....	Aug.	393
California Transportation Co., how the, repaired the wheel shaft of the Fort Sutter.....	June	301
Callao, how ex-German steamer, was repaired.....	Sept.	438
Camden Forge Co., how, equipped plant to make marine forgings.....	Aug.	384
Camouflage, the purpose of.....	March	134
Canada, extension of ship program by.....	Jan.	38
Canada, plans of, for a merchant marine.....	Oct.	464
Canada, shipbuilding program of.....	Sept.	416
Canal barges, plans for construction of.....	Oct.	461
Canal fleet, description of, under government ownership on N. Y. barge canal.....	Oct.	476
Canals of France, improvements being made to.....	Dec.	574
Canals, plans for improving German.....	Sept.	416
Cancellations of government contracts, wooden shipyards stirred by.....	Jan.	38
Canigny, sponsored by Albert, king of Belgians.....	Dec.	595
Cape Cod canal, Admiral Bowles testimony in government suit to fix price on.....	Dec.	595
Cargo boats, description of new type of giant American.....	Sept.	413
Cargo stowage, war trade board issues booklet on.....	Aug.	374
Cargo space, how to compute.....	Aug.	374
Cargo vessels, four types of, recommended by government.....	April	199
Cargo winch developed by Dake Engine Co., description of.....	Dec.	606
Carolina Co., charter of, expanded.....	Aug.	366
Carrel, Cruise—Builder of concrete Faith closes yard.....	April	191
Carrel, Cruise—Rail rates cripple Pacific trade.....	March	160
Casco, story of eventful trip made by schooner.....	March	136
Cast Steel Ship Corp., details of cast-steel ships to be made by.....	June	269
Cedar, use of Spanish, in shipbuilding.....	Jan.	39
Cement, use of high temperature, to set boilers.....	June	305
Central Steel & Wire Co., welding fillers developed by.....	July	349
Chains and cables, change in rules for inspection of.....	Aug.	393
Chamber of commerce of the United States, building of merchant marine backed by reconstruction convention of.....	Jan.	0
Champion Kerosene-Burner Co., description of portable furnace made by.....	Dec.	607
Charter market, review of world.....	Jan.	2
Charter market, review of world.....	Feb.	48
Charter market, review of world.....	March	118
Charter market, review of world.....	April	170
Charter market, review of world.....	May	228
Charter market, review of world.....	June	267
Charter market, review of world.....	July	318
Charter market, review of world.....	Aug.	366
Charter market, review of world.....	Sept.	408
Charter market, review of world.....	Oct.	452
Charter market, review of world.....	Nov.	496
Charter market, review of world.....	Dec.	564
Charter rights, analysis of, in questions of vessels requisitioned by government.....	Nov.	519
Checking momentum of launched vessels, system for.....	Dec.	597
Chesapeake Iron Works, plans of, to exhibit electric crane.....	Oct.	474
Chester Shipbuilding Co., Ltd., merger of.....	Oct.	459
China, boycott by, of Japanese ships.....	Aug.	368
China, department of commerce issues report on shipping facilities at ports in.....	July	344
Churchill, Creighton—How to Determine Shipyard Costs.....	Dec.	586
Circulator for Boiler Water, description of.....	Nov.	511
City of Eureka, record established in building steamer.....	Sept.	433
Clamp for drill press platen, description of.....	Nov.	560
Clearing house for buying and selling vessels organized.....	June	271
Cleveland Punch & Shear Works Co., catalog issued by.....	Jan.	46
Cleveland Punch & Shear Works, description of plate planer developed by.....	Dec.	604
Coal and fuel oil, comparison of vessel operating costs with.....	April	195
Coal and oil bunkering stocks, how United States has increased its.....	Nov.	533
Coal bridge, description of method of moving.....	Oct.	482
Coal, contract freight rates on, for 1918 on the lakes.....	Feb.	93
Coal handling tower, description of method of moving.....	Oct.	482
Coal, how, is pumped out of submerged vessel by centrifugal pump.....	Dec.	595
Coal loading pier, description of new design for.....	Dec.	567
Coal movement on lakes in 1918 in net tons.....	Feb.	93
Coal tar as fuel in diesel engines.....	July	353
Coal to be used by shipping board.....	Dec.	595
Coal waste through boiler scale, amount of.....	Aug.	374
Coaling stations of world, map showing principal.....	Nov. Supplement	
Codd, Wm. C., description of coupling to prevent leakage of union devised by.....	Dec.	598
Collisions, admiralty law covering vessel.....	Nov.	519
Color blindness tests for sailors, results of.....	Aug.	396
Colored missionaries ark, description of building of.....	Feb.	62
Columbia River Shipbuilding Co., construction record established by.....	Sept.	433
Commerce on Great Lakes in 1918, summary of.....	March	142
Commerce, tendency toward carrying American in American bottoms.....	Aug.	366
Commonwealth pier No. 1, Boston, description of.....	Sept.	427
Compass, description of gyroscopic, made by Sperry Gyroscope Co.....	March	164
Compass, description of magnetic, for ocean service.....	July	360
Composite shipyards, statistics on employees at work in wood and.....	Aug.	370
Comyn, W. Leslie, views of on possibility of constructing concrete ships in United States.....	April	191

Concrete and steel tankers, comparative costs of constructing and pro-peiling.....	April	190
Concrete ark, description of building of colored missionaries.....	Feb.	62
Concrete ark, how a modern colored Noah is building a.....	Feb.	62
Concrete canal barge, launching of world's first.....	Jan.	34
Concrete forms, description of process for constructing.....	Dec.	598
Concrete ship, description of endwise launching of.....	March	127
Concrete ship Faith, how, weathers trials.....	Jan.	13
Concrete ship, status of the.....	Jan.	11
Concrete ship, how a hole was patched in a.....	June	284
Concrete shipbuilder closes yard.....	April	191
Concrete shipbuilding, history of, showing advances made.....	March	123
Concrete ships, possibilities of building, in Germany.....	Dec.	594
Concrete ships, description of plan for reinforcing frame of.....	May	245
Concrete ships, possibilities of building, in the United States.....	May	237
Concrete ships, description of light aggregate developed for.....	April	191
Condenser, description of compartment.....	Jan.	40
Condenser, how, was used to cool oil.....	Nov.	509
Congress, what, plans for building up American merchant marine.....	Dec.	578
Consolidated Shipbuilding Corp., new name of Gas Engine & Power Co. & Charles L. Seabury Co., Consolidated.....	Feb.	51
Contract cancellations, wooden shipyards stirred by government.....	June	285
Contract freight rates on iron and coal for 1918 on the lakes.....	Jan.	38
Converting a surface condenser into an oil cooler.....	Feb.	93
Conveying equipment makers, association formed by.....	Dec.	578
Convoy system, how the, operated to make the sea safe from sub-marines.....	April	195
Copenhagen harbor, improvements being made at.....	March	132
Corrosion, causes of, in condenser tubes.....	May	244
Cost curves as applied to shipyard practice.....	May	236
Cost of living in shipbuilding centers, percentage of increase in, from 1914-1919.....	Dec.	588
Cost of operating American vessels, how daily, is divided.....	Oct.	478
Costs of constructing and propelling steel and concrete tankers, com-parison of.....	Nov.	514
Costs, comparison of fuel oil and coal, for vessel operation.....	April	190
Costs, how to determine shipyard.....	April	195
Cotton, first, bought by Germany since war.....	Dec.	586
Course offered at Lehigh university, maritime.....	Sept.	409
Cowl, description of an electrically welded ventilator.....	Dec.	593
Cox & Stevens, description of inland barges designed by.....	July	361
Cox & Stevens, description of steel steamers built for railroad ad-ministration by.....	Oct.	461
Cox, H. Jasper, on application of welding to ship construction.....	Oct.	476
Cramp, William, & Sons Ship & Engine Building Co., large propellers made as by-product by.....	Jan.	11
Cramp, William, & Sons Ship & Engine Building Co., merger of, with Kerr Navigation Co.....	July	350
Crane, description of electric rotating, mounted on portal piers.....	Sept.	418
Crane, description of portal, built for Austrian Lloyd arsenal.....	May	260
Crane installations, data on practical.....	Oct.	491
Crane, description of, installed at army base.....	Dec.	592
Crane, description of massive pontoon, built by Wellman-Seaver-Morgan & Co.....	Oct.	479
Crane, description of, used for handling freight.....	Aug.	372
Crane for shipyard use made by Orton & Steinbrenner, description of traveling.....	June	312
Crane, plan to exhibit standardized electric.....	March	165
Crankshaft, lathe for turning, is equipped with offsets.....	Oct.	474
Creosoting ships' timbers, practical method of.....	June	304
Crews, efficiency of American.....	Aug.	393
Cubore type of ore carrier, description of.....	Nov.	517
Cunard line, new service to Southampton inaugurated by.....	Sept.	420
Cunard Steamship Co., New York office building to be erected by.....	April	170
Cunard Steamship Co., union of, and Robert Redford Co. of Canada.....	Sept.	412
Cunning, Capt. Alex., description of pontoon invented by, for raising ships.....	Aug.	367
Curacao, how steamer, was repaired.....	July	335
Curtailment of speculation of freight broker.....	Sept.	440
Curves as applied to shipyard practice, cost.....	Nov.	524
Cushman launched by the Pensacola Shipbuilding Co.....	Dec.	588
Cutter, description of a, for sheet metal.....	May	258
Cutting and oxwelding, booklet on, issued by Oxweld Acetylene Co.....	July	362
Cutting machines, how underwater, are used in the salvaging of ships.....	Feb.	115
Cylinders, details of manufacturing, for marine engines.....	Oct.	457
Cyprus, revival of shipbuilding on island of.....	June	275
D		
Dake Engine Co., description of cargo winch developed by.....	Sept.	440
Decisions in maritime law, late.....	Jan.	30
Decisions in maritime law.....	March	148
Decisions in maritime law.....	May	258
Decisions in maritime law.....	Sept.	434
Decisions in maritime law.....	July	334
Decisions in maritime law.....	Dec.	582
Defiance Machine Co., description of heavy duty drilling machines made by.....	July	360
Denmark, steamships ordered by, to ship coal from America.....	Dec.	564
De Pere Mfg. Co., first standard watertube boilers for Emergency Fleet corporation turned out by.....	Feb.	116
De Ronde, Phillip, story of rise of, in shipping world.....	Nov.	515
Destroyer, the Witherington, launching of.....	Dec.	574
Destroyers, pointers on handling.....	Sept.	427
DeVito method of salvaging of ships, description of.....	Oct.	457
Die holder, description of adjustable.....	Sept.	441
Die holder, description of ratchet, for use in confined places.....	May	262
Dies and taps, description of catalog issued by Greenfield Tap & Die Corp. on.....	Feb.	116
Diesel engines on Mount Hood prove economical in operation.....	June	298
Diesel engines, use of coal tar as fuel in.....	July	353
Divers, plans of protecting, from water pressure.....	Oct.	455
Diving machine, description of Sisson deep-sea.....	Oct.	456
Doors, description of watertight bulkhead.....	May	236
Doxsey, Walter S.—How navy fought in France with fleet of huge land batteries.....	Feb.	96
Draft gage developed by Precision Instrument Co., description of.....	Dec.	605
Draftsmen, American Society of Marine (See American).....		

INDEX TO VOLUME XLIX—Continued

Draw Contracting Co., how the, launched completed boat.....	Aug.	394
Drill, description and history of, for making square holes in metal.....	Oct.	485
Drill, description of portable electric.....	April	213
Drill, description of portable electric for countersinking ship plates.....	July	362
Drill, description of multiple spindle, designed for ship and boiler plate work.....	April	213
Drill for cutting square holes in metal, description of.....	June	302
Drill, portable electric with hydraulic feed, description of.....	Oct.	491
Drilling and reaming machine parts, description of vise for.....	Nov.	560
Drilling machine, description of a heavy duty.....	July	360
Drydock, how marine railway supplanted, in repairing large steel vessel.....	March	121
Drydock, description of German system of.....	Oct.	484
Dufferin, Lord, description of quick repair job on.....	Oct.	482
Dundula, description of Australian cargo carrier.....	Dec.	574
Dunn, H. H.—After-war problems of New Orleans.....	March	158
Dunn, H. H.—Launches Non-Sinkable Ship.....	Oct.	481
Dunn, H. H.—World's largest motorship.....	Sept.	430
Duplex Hanger Co., description of steel knees for wooden vessels made by.....	March	166
Duplex oil strainer, description of.....	Sept.	439
DuRoche, T. L., how the tug General was raised by.....	July	330
Dutch ships taken over for war emergency to be returned.....	March	118
Dutch shipyard, plans for.....	Aug.	380
E		
Eagle Oil Transport Co., description of the San Florentino operated by.....	May	245
Eatland, how steamer, was remodeled into United States gunboat.....	Jan.	8
Effect of air tools on workmen.....	April	188
Efficiency, how wood shipyard promotes.....	Jan.	39
Efficiency of American crews.....	Nov.	517
Efficiency of ships one-third less than before war.....	Dec.	594
Electric crane, plan for exhibition of.....	Oct.	474
Electric drill with hydraulic feed, description of portable.....	Oct.	491
Electric drive for new battleship U.S.S. Tennessee, description of.....	Sept.	440
Electric power plant, description of auxiliary, used on transports.....	May	262
Electric propulsion, description of Shell system of.....	Feb.	102
Electric propulsion, many vessels use.....	May	236
Electric signals for the ship, V. Karapetoff on.....	Aug.	396
Electric steering apparatus, description of.....	Nov.	508
Electric welding, application of, to ship construction.....	Jan.	11
Electric welding designs or shipyard use.....	Jan.	22
Electric welding, how, saves time in steel shipbuilding.....	Jan.	5
Electric welding methods, a comparison of.....	March	128
Electrolabs Co. organized by Electrolytic Oxy-Hydrogen Laboratories.....	Dec.	595
Electrolytic Oxy-Hydrogen Laboratories, Inc., organizes Electrolabs Co.....	Dec.	595
Elements of United States policy in return of requisitioned merchant vessels.....	Nov.	518
Emergency Fleet corporation, fabricated ships turned out for, to Feb. 8, 1919.....	March	150
Emergency Fleet corporation, how the, invested the government's money in shipyards.....	Feb.	71
Emergency Fleet corporation, list of ships delivered to, by American yards in 1918.....	Feb.	103
Emergency Fleet corporation, owners plan for disposal of ships owned by.....	Feb.	55
Emergency Fleet Corp., sale of wooden ships by.....	Oct.	467
Emergency Fleet corporation, transport ships built for, redesigned to carry freight and passengers.....	July	527
Emergency fleet is seaworthy, proof that.....	Nov.	505
Employs at work in wood and composite and steel shipyards, statistics on.....	Aug.	370
Empress of Asia, record voyage made by, carrying troops.....	March	125
Engine alarm designed by Pittsburgh Steamship Co., description of.....	Nov.	511
Engine, description of, made by W. J. Still.....	Dec.	596
Engine made by Steam Motors Co., description of turbine.....	Aug.	404
Engineer, practical ideas for the.....	May	236
Engineering, shipping and machinery exhibition, plan of England to hold.....	Oct.	464
Engels, diesel, prove successful in operation.....	June	298

INDEX TO VOLUME XLIX—Continued

Merchant vessels, how, were protected from submarines by the convoy system	March	132
Merchant vessels, list of United States going	Nor.	544
Merchant vessels, United States policy in return of requisitioned	Nor.	518
Merritt & Chapman, how, use underwater cutting machine in salving of ships	Oct.	457
Mesta Machine Co., review of booklet issued by, on rolling mill equipment	Sept.	430
Meter, description of, designed for wireless work	April	212
Metropolitan Steamship Co., steamers of, resume passenger service after war work	July	331
Mexico, large tank ship placed in service by	Aug.	380
Miller, description of, flange thread	Oct.	490
Milling machine, description of vertical	Sept.	447
Milkoum, Francis—How France protects her motor industry	Sept.	415
Missionaries' concrete yacht, description of building of colored	Feb.	62
Mississippi river, descriptions of new type boats for use on	Oct.	461
Mittelland canal, plans for route of new, of Germany	Sept.	416
Mobile Shipbuilding Co., description of square masts built by	Oct.	483
Modern Noah builds concrete ark, how	Feb.	62
Moffett, L. W.—New Design for Coal Loading Pier	Dec.	507
Moffett, L. W.—Ship Policy Up to New Congress	Nor.	531
Moffett, L. W.—What congress plans for United States ships	Feb.	51
Mohawk, difficulties to be encountered in salving of the	Oct.	456
Molding marine engine cylinders, details of	June	275
Momentum of launched vessel, system for checking	Dec.	597
Monel metal, value of, to marine work	Aug.	391
Moore, Harry S., description of hatch cover patented by	Aug.	391
Morris, William W., on a practical method for creosoting ships' timbers	Aug.	393
Morse Dry Dock & Repair Co., tool used by, for cutting square holes in metal	June	302
Mortgage bill, analysis of proposed vessel	Nor.	489
Mortgage bill, attitude of congress toward ship	Nov.	536
Mortgage statutes, plans for having congress alter	Nov.	483
Moshiko, how square masts are used on	Oct.	415
Moss Steamship Co., result of tests on new steamer Amarna of	Sept.	415
Motor industry, how France protects her	Sept.	415
Motorship built by Ansaldo San Giorgio, description of large	Sept.	430
Motorship, description of Glenapp, world's largest	Sept.	223
Munson, Frank C., views of, on Hurley merchant marine policy	May	223

N

Nacey, James, description of system devised by, for aligning sections of halved vessels	Sept.	439
Nacirema Steamship Co. purchases wooden ships from the shipping board	June	299
National Foreign Trade council, plans for annual meeting of	March	149
National Forge & Tool Co., lathe used by, is equipped with tests	June	304
National Foreign Trade council, completion of ship program urged by	Jan.	25
National Foreign Trade council, resolution adopted by for removal of import and export restrictions	Jan.	24
National Merchant Marine association, organization of	March	149
National Rivers and Harbors congress, report of annual meeting of	March	149
National Safety council, plans for annual congress of	Oct.	480
National Shipbuilding Co., Ltd., how the, used a marine railway in repairing large steel vessel	March	121
Naval Architects and Marine Engineers (See Society of—)	Oct.	288
Naval overseas transportation service, how shipping problems were handled by, during the war	June	288
Naval railway batteries, how the American navy fought in France with	Feb.	96
Navy, how the, built up a fleet of troop ships and cargo carriers	June	288
Netherlands Steamship Co., plan of, to use oil fuel on cargo boats	Oct.	464
New Blood in American Shipping	Nov.	513
New London Ship & Engine Co. and General Electric Co., description of gas-electric drive perfected by	Nor.	503
New Orleans-Antwerp service of Lloyd Royal Belge, Menapier inaugurates	Oct.	468
New Orleans, outline of after-war problems of	March	158
Newport News Shipbuilding & Dry Dock Co., massive machine tools used by, for marine work	May	248
Newton Machine Tool Works, description of upright generating plant developed by	April	211
Newton Machine Tool Works, description of heavy boring machine made by	Aug.	404
Newton Machine Tool Works, Inc., description of vertical miller made by	Sept.	447
New York & Porto Rico Steamship Co., two boats owned by, repaired and turned into oil burners	May	231
New York Barge Canal, how operation of federal railroad administration hinders use of	Oct.	475
New York Shipbuilding Corp., details of redesigned ships to be built by	July	327
Nippon Yusen Kaisha, plans of, for Japanese sailor hospital	Aug.	379
No. 151, Pennsylvania railroad lighter, how winches of, are operated by electricity	Oct.	458
Noah builds concrete ark, how modern colored	Feb.	62
Non-Sinkable Ship, description of launching of	Oct.	481
North-East Coast Institution of Engineers and Shipbuilders, report of meeting of	Oct.	482
Northern Pacific, how large stern frame casting of steamer, was welded by thermite process	Sept.	435
North of Ireland Shipbuilding Co., tribute from, to American practice	Feb.	73
North of Ireland Shipbuilding Co., Ltd., result of tests on steamer Amarna built by	Sept.	415
North Sea area as steamship coaling station, map of	Nov. Supplement	
Northwest Engineering Works, description of a tug built by, for transatlantic service	April	183
Northwest, sinking of forward section of steamer	Jan.	42
Norway, description of wireless station at Stavanger	June	283
Norwegian bark Superior, how, completed voyage short handed	Sept.	427
Norwegian interests, description of large cargo boats designed for, and commanded by American government	Sept.	413

O

Ob river, plans for improving harbor of	Sept.	416
Ocean freight conditions as reviewed by experts in this country and abroad	Feb.	48
Ocean liners, plans of shipping board to build huge	Sept.	431
Ocean liners, statistics on number of, afloat	Sept.	428
Ocean rate situation, how, is hurting trade	March	157
Ocean rates, two opinions on recent reduction of	Feb.	73
Ohio Blower Co., description of ventilator cowl designed by	July	361
Oil and coal bunkering stocks, how United States has increased by	Nor.	533
Oil as a bunkering medium	Dec.	573
Oil as ship fuel, increased use of	July	321
Oil bunkering stations of world, map showing	Nov. Supplement	
Oil burners, how coal burning vessels were converted into	May	231
Oil fuel, plan of Netherlands Steamship Co. to use, on cargo boats	Oct.	464
Oil fuel, plan to use, as bunkering medium	Oct.	492
Oil, large quantities of, contained in whale deposits	June	304
Oil strainer, description of duplex	Sept.	439
Oil tanker, description of the, San Florentino	May	245
Oil, tests and specifications adopted by the government for ship fuel	July	321
Oil, use of tar, to preserve heavy piles	June	301
Operating agreement for government vessels as drawn up by shipping board	Feb.	84
Operating and management agreement, vessel operators adopt government	April	198
Operating economies, analysis of vessel	April	195
Operation and management, difficulty of keeping accounts for ship	May	240
Operation of American vessels, table showing how cost of, is divided	Nov.	514
Ore (See Iron ore)		
Ore carriers for ocean service, description of	Sept.	420
Ore Steamship Co., description of cubore type of freighters operated by	Sept.	420
Orton & Steinbrenner, description of traveling cranes for shipyard use made by	March	165
Osaka Shosen Kaisha, annual report of	Dec.	594
Output and losses, chart showing world war, of merchant tonnage	Feb.	81
Owners of American vessels, list of managing	Nov.	544
Oxweld Acetylene Co., booklet on oxwelding and cutting issued by	Feb.	115
Obituary—B. N. Baker	Feb.	64
Obituary—Davidson, M. F.	June	271
Obituary—Hanna, Leonard C.	May	251

Ship policy, how fares in congress.....	Nov.	531
Ship program, completion of, urged by National Trade council.....	Jan.	25
Ship program of Canada, extension of.....	Jan.	38
Ship repair work in Great Britain, story of post-war.....	Nov.	525
Ship securities popular, plans for making.....	Nov.	536
Ship steel, move to standardize.....	Jan.	18
Ship was raised by air and slings, how sunken.....	Dec.	599
Ship work in Australia.....	Dec.	574
Ships are financed by lake banks, how.....	Nov.	499
Ships built in war time, how, are unfit for peace time use.....	Feb.	66
Ships, comparative efficiency of various types of.....	Feb.	70
Ships, concrete, are cheaper to build than steel.....	April	190
Ships, congress' plans for increase of American-owned.....	Feb.	51
Ships delivered by American yards during 1918, list of.....	Feb.	103
Ships, description of auxiliary power plant suitable for.....	May	262
Ships, description of, being built by Canada.....	Oct.	464
Ships, details of plans for making cast-steel.....	June	269
Ships, France now building many.....	Dec.	574
Ships' galley range, description of.....	Nov.	560
Ships, government control of, advocated by Frederick B. Lynch.....	July	324
Ships, how modern, are painted.....	Dec.	571
Ships, how plans of transport, have been altered for cargo and passenger service.....	July	327
Ships, how to patch holes in concrete.....	June	284
Ships, how wooden, are to be rigged as 4-mast barkentines.....	Oct.	467
Ships in war department use, how, are being used.....	Aug.	366
Ships, list of steel, reinstated by government after contracts for had been suspended.....	Aug.	371
Ships, list of United States, returned to owners.....	Feb.	56
Ships' log, description of repeating.....	Aug.	395
Ships, number of American, in overseas service.....	April	199
Ships of United States were well built, proof that wartime.....	Nov.	505
Ships, purchase of wooden, from Emergency Fleet Corp. by Universal Shipping & Trading Co.....	Oct.	467
Ships recently released by shipping board, list of.....	Sept.	410
Ships returned to government during June by government, list of.....	Aug.	366
Ships returned to owners by government, list of.....	Feb.	56
Ships, size of ships favored by British owners.....	Feb.	70
Ships sold by Shipping Board to Sept. 25, list of.....	Nov.	539
Ships sunk during war, plans for salvaging.....	Oct.	455
Ships, tonnage of German cargo and passenger, to be retained by the United States.....	July	318
Ships used in war, how, are being refitted for merchant service.....	Aug.	375
Ships, where we are deficient in, for post-war uses.....	Feb.	66
Ships, world production of, in 1918.....	April	171
Shipyard costs, how to determine.....	Dec.	586
Shipyard, plans for Dutch.....	Aug.	380
Shipyard strike, report on status of Pacific coast.....	April	208
Shipyards, cost problems which confront American.....	May	222
Shipyards, how the government invested its money in, during the war.....	Feb.	71
Shipyards, statistics on employees at work in.....	Aug.	370
Shipyards, what American, must accomplish to meet world competition.....	Feb.	51
Shoemaker, Louis F. Co., description of portable buggy designed by for use with electric drill.....	July	362
Siberia, plans of, for improving arctic harbors.....	Sept.	416
Siberian government, plans of, for improving arctic shipping.....	Dec.	574
Signal Targets, how cheap, floating, were installed off Florida.....	Dec.	599
Signals, description of a device for transmitting submarine.....	May	261
Simonds, Herbert R.—Trawler Has Gas-Electric Drive.....	Nov.	503
Sinking of the Accomma, details of the.....	April	193
Sisson deep-sea diving machine, description of.....	Oct.	456
Skilman, Harry Bowne—Decisions in maritime law (See Decisions in, etc.).....		
Skinner & Eddy Corp., how, repair rudder in 20 days.....	Aug.	396
Slings and air raise sunken ships, how.....	Dec.	599
Slotting machine, description of new, developed by Newton Machine Tool Works.....	April	211
Slotting machine, description of, adapted for marine work.....	June	313
Smalley General Co., Inc., description of flange thread miller developed by.....	Oct.	490
Smith, Lawrence, story of rise of in shipping world.....	Nov.	515
Snap switch made by Bryant Electric Co., description of.....	Jan.	46
Snell system of electric propulsion, description of.....	Feb.	102
Society of Naval Architects and Marine Engineers, report of annual meeting of.....	Jan.	10
Soo canal report of Lake Superior commerce.....	Jan.	29
Soo Canal commerce in 1918, statistics showing.....	Feb.	93
Soo canal report of Lake Superior commerce.....	June	300
Soo canal report of Lake Superior commerce.....	July	345
Soo canal report of Lake Superior commerce.....	Aug.	381
Soo canal report of Lake Superior commerce.....	Sept.	437
Soo canal report of Lake Superior commerce.....	Oct.	469
Soo canal report of Lake Superior commerce during September.....	Nov.	542
Soo canal report of Lake Superior commerce.....	Dec.	583
South America to U. S., new schedule of freight rates from.....	Oct.	453
Spain, progress of shipbuilding in.....	Dec.	595
Spain, what the war cost, in ships.....	Aug.	379
Spanish cedar, use of, in shipbuilding.....	Jan.	39
Specifications, change in, of Bureau Veritas.....	Oct.	459
Speculation, curtailment of, of freight broker.....	Nov.	524
Speed reduction gearing in turbine installations, value of.....	Oct.	482
Spry Gyroscopic Co., description of gyroscopic compass made by.....	March	164
Sprague, C. H., & Son, direct steamship service to Black sea ports opened by.....	Dec.	594
Sprague-Hayes Mfg. Co., description of platen vise for drilling and reaming designed by.....	Nov.	560
Springfield Mfg. Co., description of oscillating surface grinder designed by.....	June	314
Sprinkler systems for ships and docks developed by General Fire Extinguisher Co., description of.....	March	167
Square holes, drill for cutting, in metal.....	June	302
Square holes in metal, how to drill.....	Oct.	485
Square masts, description of, on Moshico.....	Oct.	483
St. Marys Falls canals, rules for using third and fourth locks at.....	April	179

Standardization of ship steel, move toward.....	Jan.	18
Standardized ships, how the Submarine Boat Corp. built.....	Jan.	10
Standardized war-built ships, how, are unfit for peace time uses.....	Feb.	66
States Marine Co. inaugurates steamship service to Scandinavian ports.....	Dec.	594
Steam collier, schooner gives way to.....	March	145
Steam Motors Co., description of steam turbine engine developed by.....	Aug.	404
Steam turbine engine made by Steam Motors Co., description of.....	Aug.	404
Steamers, description of steel, built for railroad administration.....	Oct.	476
Steamship coaling stations of the world, map showing, principal.....	Nov. Supplement	
Steamship companies, new (See Shipping companies).....		
Steamship line between San Francisco and Philadelphia, plans for.....	Dec.	545
Steamship lines inaugurated between North and South America, new.....	Aug.	366
Steamship lines, plans for new.....	Sept.	408
Steamships, plans of shipping board to build huge ocean.....	Sept.	431
Steel and concrete tankers, comparative costs of constructing and pelling.....	April	190
Steel hulls, list of, reinstated by government after contracts for had been suspended.....	Aug.	371
Steel knees made by Duplex Hanger Co., description of.....	March	166
Steel, move to standardize ship.....	Jan.	18
Steel ocean tug contracts, list of government.....	Aug.	371
Steel shipbuilding, how electric welding saves time in.....	Jan.	5
Steel ship contracts suspended or cancelled by government, April 30, 1919.....	Aug.	369
Steel ship contracts suspended or cancelled by government, April 30, 1919.....	Aug.	369
Steel ships, plans to cast.....	June	269
Steel ships, sale of 100, by shipping board.....	June	269
Steel shipyards, statistics on employees at work in.....	Aug.	371
Steel steamers, description of, built for railroad administration.....	Oct.	476
Steering apparatus, description of electro-hydraulic.....	Nov.	508
Stemboard, pointers on, in handling destroyers.....	Sept.	427
Stern frame casting, how large, was welded by thermite process.....	Sept.	435
Sternpost, description of, provided with flanges for fastening shell plating.....	July	355
Stevenson's schooner Casco, story of eventful voyage made by.....	March	136
Steward Davit & Equipment Corp., test of life boat releasing device made by.....	June	303
Steward Davit & Equipment Corp., description of boat releasing device made by.....	Jan.	45
Still, W. J., description of engine made by.....	Dec.	596
Stone ship, description of endwise launching of.....	March	127
Stone ships, history of progress made in construction of.....	March	123
Stone ships, how to patch holes in.....	June	284
Stover, John S.—Elements of U. S. policy in return of requisitioned merchant vessels.....	Nov.	518
Stover, John S., short sketch of government work done by.....	Nov.	521
Strike, report on status of Pacific coast shipyard.....	April	208
Submarine Boat Corp., description of launchway planing machine devised by.....	Oct.	490
Submarine Boat Corp., difficulties of perfecting turbine installations on boats built by.....	July	348
Submarine Boat Corp., fabricated ships turned out by, to Feb. 8, 1919.....	March	150
Submarine Boat Corp., how fabricated ships were built by.....	Jan.	10
Submarine Boat Corp., record of vessels launched by, for fiscal year.....	July	349
Submarine detection, description of some listening devices for.....	Oct.	466
Submarine nets, how, were used.....	March	135
Submarine signaling device, description of a new.....	May	261
Submarines, how the convoy system served as protection against.....	March	132
Sunken ship was raised by air and slings, how.....	Dec.	599
Sunken vessels, methods of raising.....	May	236
Superior, how Norwegian bark, completed long voyage short handed.....	Sept.	427
Surveyor reaches Alaskan waters after long voyage.....	July	329
Sutphen, H. R., views expressed by, on Hurley merchant marine plan.....	May	224
Sutphen, Henry R., on the development of the standardized ship.....	Jan.	10
Sutton, A. Mohley—The highway to Alaska.....	April	202
Swedish yards expand.....	Feb.	64
Switch made by Bryant Electric Co., description of snap.....	Jan.	46

T

Tank ship, largest, placed in service by Mexico.....	Aug.	380
Tankers, comparison of the costs of building and propelling steel and concrete.....	April	190
Tap & Die Corp., Greenfield, description of catalog issued by.....	Feb.	116
Tar, altering process for, used as diesel engine fuel.....	June	305
Targets, how cheap, floating signal, were installed off Florida.....	Dec.	599
Taylor, Lieut. Commander Stevenson,—Must Retain U. S. Merchant Marine.....	Jan.	12
Teaching men how to build ships at Hog Island, method of.....	Jan.	36
Teho Yacht Basin Co., how, repaired wrecked steam Gratia.....	Sept.	438
Tennessee, description of electric drive for new battleship U.S.S. Terminal to be built by Baltimore, plans for.....	Nov.	512
Terry, Edward F., Mfg. Co., description of modern freight-handling equipment developed by.....	June	312
Tests adopted by the government for oil used in ship propulsion.....	July	321
Tests of water tube boilers, results of.....	Aug.	393
Thacher Propeller & Foundry Corp., incorporation of, to take over George H. Thacher & Co.....	Aug.	397
Thackara, R. C., on how ocean rate situation is hurting trade.....	March	157
Thermite process for welding approved.....	Dec.	605
Thermite process, how large stern frame casting was welded by.....	Sept.	435
Thesen & Co., Ltd., how, raised sunken ship, Zambesia.....	Dec.	599
Thomas Spacing Machine Co., description of ship plate punch made by.....	Sept.	446
Thread cutting tool for use in confined places.....	May	262
Threads, description of engine lathe device for cutting.....	June	313
Todd Shipyards Corp., extent of war repair and construction work of.....	Feb.	81
Tonnage, chart showing war output and losses of merchant.....	Sept.	408
Tonnage, gross, of American merchant fleet.....	Aug.	402
